Appln. No. 10/591,722
Supplemental Preliminary Amendment
Attorney Docket: MOEG-P100

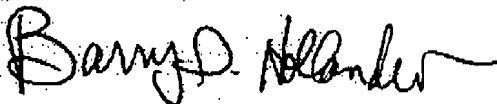

REMARKS

Claims 1-19 are pending herein. By this Amendment, the specification and claim 11 are amended to correct minor errors in chemical nomenclature and NMR data, and to correct inadvertent typographical errors. The amendment to the paragraph bridging pages 16 and 17 is supported, for example, in the context of the paragraph, and the context of the formulas. It is noted that page 17 first full paragraph recites "an indanyl group" and Compound 38 at pages 22, 176, and 337 includes a "dihydro-isindol-2-yl" group. The amendments to page 18 and 32 are supported in the context of the paragraphs where salts, rather than acids are recited. Support for the amendments to pages 20, 122, 229, and 254 is provided by Table 1, Compound 20 at page 335 and the inherent NMR properties of the compound. The amendment to pages 23 and 220 is supported by Table 1, Compound 49 at page 338. The amendments correcting errors in the NMR data at pages 119, 120, 125, 312, and 322 is supported in the context of the Example and the data, and the inherent properties of the compound. Support for the amendment to page 132 is provided, for example, by the context of the synthesis reaction. The amendment to page 145 is supported, for example, by Table 1, Compound 27 at page 336. Support for the amendments to pages 179, 180, 182, 183, 184, 186, 187, 189, and 230 is provided in the context of the paragraphs which are amended. The amendments to page 238 are supported, for example, by Table 1, Compound 65 at page 339. Support for the amendment of page 259 is provided, for example, by the amounts of other reactants and the amount of product obtained as recited in Example 71-1. The amendment of page 313 is supported, for example, in the context of Examples 94-1 and 94-2. If the Examiner believes that additional support needs to be provided for the amendments to the specification, a telephone call to Applicants' undersigned attorney would be appreciated for advancing prosecution.

Appln. No. 10/591,722
Supplemental Preliminary Amendment
Attorney Docket: MOEG-P100

Claim 1 has been indicated as currently amended because the amendment although actually shown in claim 1 was inadvertently not indicated in the labeling or remarks in the Preliminary Amendment filed on September 5, 2006. The amendment is grammatical and changes "represent" to ~~represents~~. The amendments to Claim 11 are supported, for example, by Table 1, Compound 20 at page 335, and Compound 49 at page 338. No new matter is introduced by the claim amendments.

Respectfully submitted,

Barry I. Hollander
